U.S.D. 410 may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow U.S.D. 410 to include this type of information from your child's education records in certain school publications. Examples include:

- A **program** showing your student's role in a music or drama production;
- The annual **yearbook**;
- **Honor roll** or other recognition lists;
- **Graduation programs**; and
- **Sports activity programs**, such as for basketball, name, weight, height and/or grade level of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require U.S.D. 410 to provide military recruiters, upon request, with three directory information categories - names, addresses and telephone listings - unless parents have advised the school that they do not want their student's information disclosed without their prior written consent.
